About us

EVERY TRAILER ON THE ROAD IS A PROMISE.

Nova Treyler is a manufacturer that learns what transport needs out in the field and answers it in steel at the factory.

25+
years of manufacturing experience

1,000+
trailers built per year

30
export countries

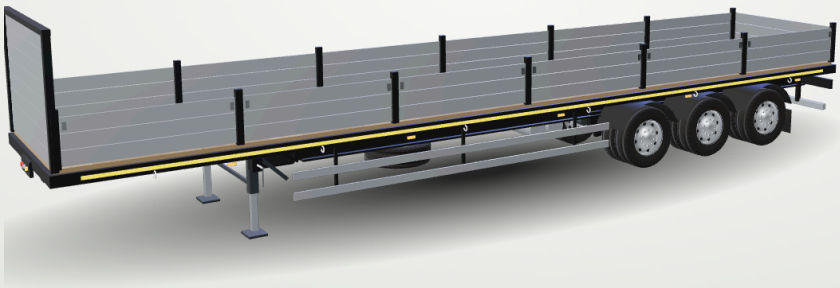

2 years
manufacturer warranty

PRODUCT FAMILIES

03	**Flatbed Trailer**	13.6 m · 39 t · 3 axles
04	**Curtainsider Trailer**	13.6 m · 92 m³ · 27 t
05	**Tanker**	36,000 L · 3 compartments · stainless
06	**Lowbed Trailer**	13.6 m · 0.95 m deck · 50 t
07	**Tipper Trailer**	12.5 m · 28 m³ · 33 t
08	**Box Trailer**	13.6 m · 92 m³ · 27 t

01 · containers, steel, building materials

FLATBED TRAILER

Designed for every open load, from pallets and building materials to steel sections and containers. A timber or aluminium deck, lashing rings and drop sides make securing the load easy.

DIMENSIONS

Length
13.6 m

Width
2.55 m

Tare
6.2 t

CAPACITY

Max. payload
39 t

Axles
3

Suspension
Air

EQUIPMENT

Brakes
Disc, EBS

Lighting
LED

Deck
Timber or aluminium

- High-strength steel chassis
- Folding drop sides and lashing rings
- Container twist-lock sockets (optional)
- Multi-layer corrosion protection

CURTAINSIDER TRAILER

The sliding curtain allows loading from the side and the rear, cutting waiting time. One person can open the curtain, and the load stays protected from rain and dust.

DIMENSIONS

Length
13.6 m

Width
2.55 m

Internal height
2.7 m

CAPACITY

Volume
92 m³

Max. payload
27 t

Axles
3

EQUIPMENT

Curtain
Sliding, PVC coated

Load securing
Side strap system

Lighting
LED

- Fast loading from the side and the rear
- Tear-resistant PVC curtain
- Easy-opening sliding roof
- Side rings for load securing

03 · fuel, chemicals

TANKER

Built for liquid loads with a stainless steel body, separate compartments and safe discharge equipment. The top walkway and manhole covers make inspection easy.

DIMENSIONS

Length
13.3 m

Width
2.5 m

Tare
7.0 t

CAPACITY

Volume
36,000 L

Compartments
3

Axles
3

EQUIPMENT

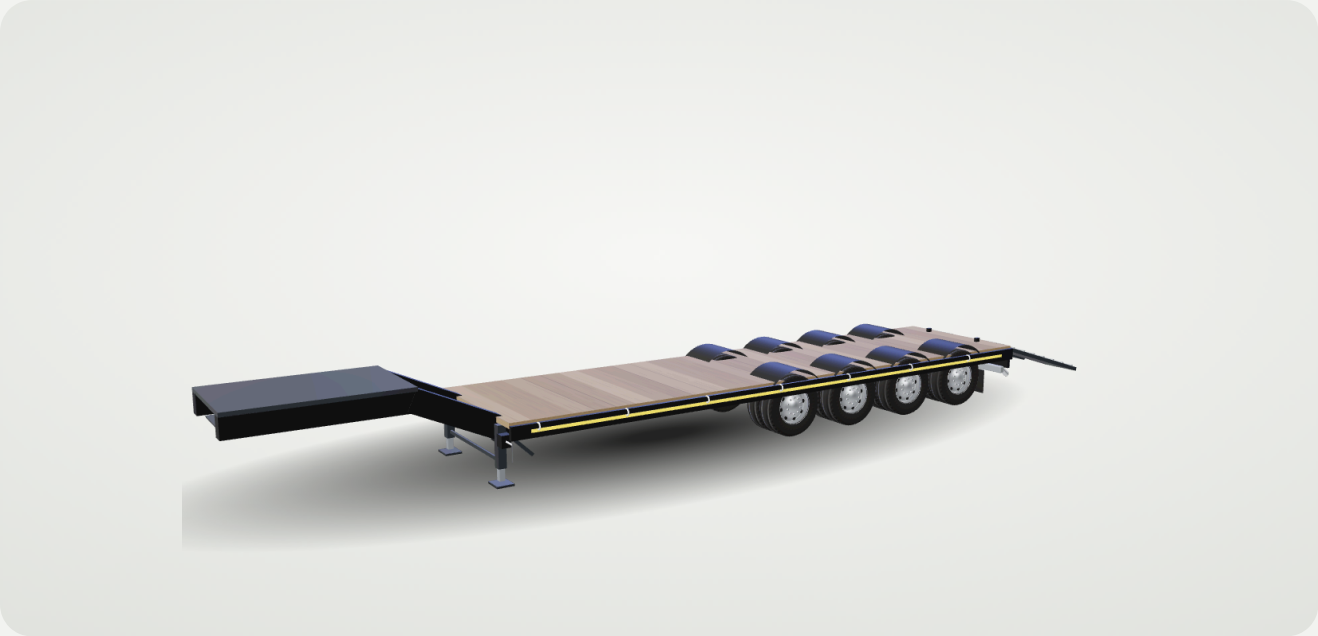

Body
Stainless steel

Discharge
Rear valve cabinet

Safety
Pressure equalisation

- Stainless steel body
- Separate compartments, loads never mix
- Rear valve cabinet and hose carrier
- Top walkway and manhole covers

LOWBED TRAILER

The low loading height keeps tall machines within legal dimensions. Hydraulic ramps and a reinforced gooseneck carry heavy loads safely.

DIMENSIONS

Length
13.6 m

Deck height
0.95 m

Width
2.55 m

CAPACITY

Max. payload
50 t

Axles
4

Suspension
Air

EQUIPMENT

Ramps
Hydraulic, twin

Deck
Timber

Brakes
Disc, EBS

- Low deck, suited to tall machines
- Hydraulic rear ramps
- Reinforced gooseneck
- Balanced multi-axle load distribution

05 · excavation, bulk loads

TIPPER TRAILER

The half-round body empties completely and reduces sticking and build-up. A telescopic hydraulic cylinder and a reinforced structure stand up to heavy-duty work.

DIMENSIONS

Length
12.5 m

Width
2.55 m

Tare
7.4 t

CAPACITY

Volume
28 m³

Max. payload
33 t

Axles
3

EQUIPMENT

Body
Reinforced steel plate

Hydraulics
Telescopic cylinder

Tailgate
Hydraulic

- Half-round body, complete discharge
- Telescopic hydraulic cylinder
- Wear-resistant steel plate
- Hydraulic tailgate

BOX TRAILER

The corrugated panel structure is light and durable. Double rear doors and a locking system keep sensitive loads secure, finished in your corporate colour and logo.

DIMENSIONS

Length
13.6 m

Width
2.55 m

Internal height
2.7 m

CAPACITY

Volume
92 m³

Max. payload
27 t

Axles
3

EQUIPMENT

Doors
Double, 270°

Panels
Corrugated aluminium

Deck
Timber, anti-slip

- Lockable double rear doors
- Corrugated side panels, light and strong
- Corporate colour and logo application
- Anti-slip timber deck
